Call from Salinas Post Office, Mr. Smith and Mr. Coffee, supervisor, WED. May 2, 1979. "We have five checks for you that fell out of envelopes. The letters and the envelopes are missing".

MARK LANE IS INVESTIGATED FOR ALLEGED GRAND THEFT

New York Times, 4/26/79, A.P. L.A. Times

Allegations Lane accepted \$7,5000 last Nov. to "BUY" an unpublished article, National Enquirer, critical of Jim Jones's cult.

Accepted money to suppress the story. Keep the lies going.

D.A. Steve Ramirez, LA, said "Mr Lane already possessed the article."

"Lane has been assailed for not disclosing information of the group received from Terri Buford that Jones had gone mad and WAS PREPARING FOR MASS SUICIDE AND MURDERS."

(How would you like that on your conscience?)

ANOTHER COVER-UP 31 YEARS EARLIER, SAME PEOPLE, SAME CROWD.

New York Review of Books, May 17, 1979, page 18, The Nazi Boom.

"The Bunker; The History of the Reich Chancellory Group, by James O'Donnell, tells you nothing of substance about the LAST DAYS OF HITLER THAT YOU CANNOT FIND MORE PERSUASIVELY IN HUGH TREVOR-ROPER'S classic account, published as long ago as 1947. Trevor-Roper had a serious practical purpose-namely, to scotch rumors that Hitler might still be alive".

Hugh Trevor-Roper, British Secret Intelligence Service, wrote the introduction to Lane's RUSH TO JUDGEMENT. Lane has been covering up the Nazi-JFK assassins since Nov. 22, 1963 to the present day.

He has protected the Czarist, Solidarist, White-Russian, Gehlen agents who worked closely with British Intelligence, Allen Dulles, Gary Powers.

The Warren Commission had a specific purpose, to scotch rumors of a conspiracy. Was the Roper account as accurate as the Warren Report?
