Chapter II : THE COUP D'ETAT OF NOVEMBER 22, 1963

How does Evans, Birch Society, conservative,
recognize the "coup", when no known "liberal",
"left," "middle", "moderate" will describe Kennedy's
assassination as the take-over of the government?

We believe or suggest "Johnson did it to be
President". Evans knows there were forces of
power behind Johnson who did it for their power.

Those forces have succeeded. Ronald Reagan was
their man. He has fronted for them since 1946.
