WHITE HOUSE YEARS, Henry Kissinger, 1979. Review by George McGovern
L.A. Times 11/25/79

"As for his world view, Mr. Kissinger WOULD UNWILLINGLY SENTENCE the United States to a slow decline in influence and leadership by placing our power in opposition to forces that have been developing since 1945. I see the role of Uncle Sam as policeman as an obsolete fantasy that if employed would spell only FRUSTRATION, DEFEAT, AND EVENTUALLY EXHAUSTION FOR THE U.S.A."

"KENNEDY PROBE", JACK ANDERSON, 4/2/80

KENNEDY PROBE

While its Abscam and Brillab scandals have been making headlines, the FBI is quietly digging into another explosive assignment — the assassination of President John Kennedy.

The House Assassination Committee turned over to the bureau its findings that Kennedy was probably killed as the result of a conspiracy, contrary to the conclusion of the Warren Commission 16 years ago.

FBI agents have been talking to former committee aides, seeking guidance for use of the committee files in the National Archives. Agents have also asked the authors of some of the committee studies for the location of documents cited in footnotes.

And the bureau has consulted the Central Intelligence Agency on ways of retesting the controversial acoustical evidence suggesting that a fourth shot was fired at Kennedy that day in Dallas.

This is a small part of the larger Anderson article on that date. ANDERSON is an important trial balloon. When he admits the inquiry will become "EXPLOSIVE", it will start to pour out later.

Anderson and all news media will have to save face after 17 years of covering up an assassination by the CIA, ARMY, FBI, ORGANIZED CRIME AND BUSINESS INTERESTS THAT WILL NEVER WASH AWAY.

Again, the case opens up.....
